RUSSIA AND GERMANY.

Napoleon said all Europe would be "soaked or repubblican." Napoleon was a wise man, perhaps the ablest leader of men yet seen in Europe.
Russia today is a turbulent state, with its wild doctrines and its unknown conditions. The Allies hold aloof, the Germans even mobilize an army against the Bolsheviks, but what are the present seeds going to bear?
Will the world face a possible united Russo-German alliance in the next generation? Will the Slav unite with the Teuton, and thus challenge the control of a league of nations formed without them? It is a question worth pondering, without even considering a possible alliance of other nations.

CURIOUS WATER HOLE.

A curious form of water hole is found in the deserts of Western Australia, dry by day but yielding an abundant supply of water by night. The flow of water is preceded by weird hissing and sounds of rushing air. On examining one it was found that the water supply occurred in a long narrow trench, at the bottom of which was a thin plate of guano, separated by a cavity from the main rock mass beneath. Apparently the heat of the day causes this plate to expand in the form of a depression, in which the water retreats. When it cools and contracts at night it forces first air and then water back into the trench.

MAY EXPECT FROST.

The cocklebur, presumed by everyone to be a true harbinger of cold weather, is ready to be visited by frost. The burr is matured and this fact, according to those who have watched the growth for years, is a sure sign that a visitation of frost is near. Should a frost appear now, however, it will mean the destruction of a great deal of late corn and cotton that is not yet ready for such an experience as to be covered with frost.

NOT "BONE DRY" THERE.

Rumor has it, that a big shaggy lion is roaming the woods in the hills between Iuka, Grand Rivers and Gum Springs. It is said that a boy on a mule was chased by the lion until the mule leaped over a fence with its rider, leaving the lion on the outside. If there is a real lion in the neighborhood, he may have escaped from a big show.—Paducah Sun.

TO MEET AT CLINTON.

The West Kentucky Baptist Association, composed of the Baptist churches of Fulton, Hickman and Carlisle counties, will convene for its annual three-day session, on October 7, the local Baptist church being the host of the meeting. There will likely be more than a hundred delegates besides a considerable number of visitors.

MAY START SOON.

An early beginning of the work on the Ohio River Route, Kentucky's new federal aid highway, is planned by the State road department. The new thoroughfare is to be a standard surface highway modern construction that will link Paducah and West Kentucky with Louisville and the Blue Grass, following the Ohio river.

COURT WILL MEET.

The Fulton County Fiscal Court will meet at Hickman in regular monthly session on Tuesday, Oct. 7. All claims and other business to come before this body should be prepared by that time. Monthly meetings of the court seem to be a great improvement over the old semi-annual plan: better for the court and all having business before it.
